

CREATING EFFECTIVE TECHNOLOGIES

Our audio players are rugged, yet easy to use by anyone anywhere. They're ideal for reaching over 80% of the world's population that are preferred oral learners and the 2/3 who are functionally illiterate. With over 1,700 of the remaining unreached people groups not even having a written orthography, MegaVoice is perfect for reaching these oral learners by providing effective oral technologies which communicate in innovative and culturally relevant ways.

MAKING THE MESSAGE UNIVERSALLY ACCESSIBLE

BREAKING THE SILENCE

The passion of MegaVoice is to break the silence for those who are still waiting to hear and understand the Good News. We have been providing God's Word on solar-powered audio players for over 25 years so people can hear and understand Scripture in their own language.

Our mission is to assist the Church to fulfill our Lord's Great Commission until every nation, tribe, and people have heard God's Word in their own language for the glory of God.

ASSISTING PARTNERS

Partners can load their own messages or choose from the extensive MegaVoice Audio Cloud of thousands of languages and titles.

MegaVoice counts it a privilege to assist as needed, from simply offering blank units to project consulting, audio production, and managing deployment. We continue to provide Partners with the most innovative and powerful discipleship tools to engage people in God's Word.

**“GO THEREFORE AND MAKE DISCIPLES OF ALL THE NATIONS...”
MATTHEW 28:19-20**

**“ UNTIL EVERY
NATION, TRIBE,
AND PEOPLE HAVE
HEARD GOD'S
WORD IN THEIR
LANGUAGE. ”**
