

TOGETHER we can... finish the task

"Brother Ysuf from Nepal told me about an 80-year-old man whom he met in the mountains. He gave him a MegaVoice. Upon his next visit, he met the man again - this time the man told him that he now knows Jesus. He had no other contact with the gospel and was converted only by listening to the MegaVoice audio Bible!"

Rev. Pieter Vermeulen
Great Commission Ministries – Cape Town

About MEGAVOICE:

Two decades ago, the founders of MegaVoice pioneered the development of the first solar-powered, digital audio Bible. Their vision was to reach the estimated four billion people who are unable to read God's life-giving Word for themselves.

Today, MegaVoice produces an ever-expanding line of solar-powered digital audio players, each designed to best suit the unique requirements of the ministries distributing them.

MegaVoice is also home to an expansive Scripture audio library with 14,000 Scripture titles in 4,615 languages and dialects. Scripture titles, with playback times ranging from a few minutes to hundreds of hours, can be loaded by the Audio Resource Team. Organizations and individuals can also load their own messages.

MEGAVOICE

Media Center for Southern Africa

Dear friend in Christ,

What would life be like if you could not read the Bible? For you and me, who can read this, that is hard to imagine.

Non-reading moms cannot read stories about Jesus to their children. Fathers toil without hope, unable to find solace in the Word of God. This is something that has been on my heart for many years.

Then one day, while traveling in Africa, I saw a MegaVoice Bible in a small bookshop. I bought it and began to distribute on a small scale. Today, I am involved full-time, and we have recently officially opened a MegaVoice Media Center in South Africa.

My wife Linda and I would like to invite you to make contact with us and learn more about MegaVoice and the various ministries in our country distributing audio Bibles.

You may not be able to travel to foreign countries to fulfill the Great Commission, but your sponsored MegaVoice can go great distances to reach the unreached! Together we can FINISH THE TASK of spreading the gospel to the ends of the earth!

May God bless you,

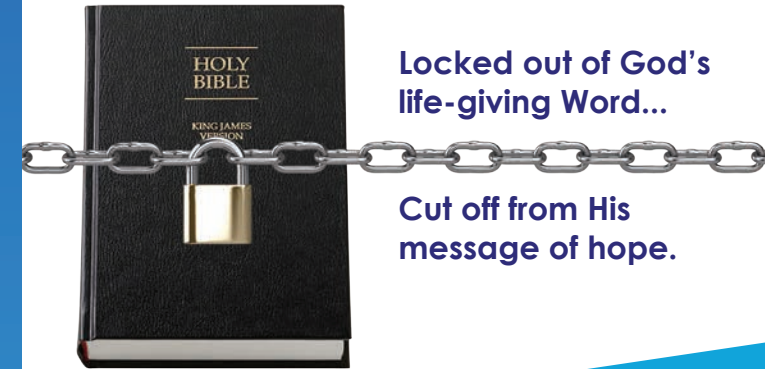

Johan Grobler

BILLIONS OF NON-READERS ARE...

LOCKED OUT

Locked out of God's
life-giving Word...

Cut off from His
message of hope.

"How then will they call on Him in whom they have not believed? And how are they to believe in Him of whom they have never heard?"

Romans 10:14

ONE SIMPLE DEVICE

BROADCASTING SCRIPTURES

Just as the invention of the printing press dramatically increased the number of Bibles available for readers around the world, MegaVoice now makes it possible to reach billions of people who are unable to read the Bible for themselves.

Imagine what it feels like to hear the Word of God spoken in your own language for the first time!

MegaVoice can go to the ends of the earth like nothing else, reaching the 60% of the world's population who cannot read in a language that speaks to their hearts.

Features:

- Ideal Missions Tool
- Ideal for the blind
- Rugged, Solar-powered
- No batteries required - built-in rechargeable batteries
